Our Goals

1. To provide opportunities for children to learn and grow.
2. To support, nurture and respond to each child's individual needs.
3. To encourage each child to develop a positive self image, be self-reliant, and show respect and tolerance for his or her classmates and others.

Our Philosophy

Families play the most important role in caring for and nurturing their children. Our hope at Kid's Kingdom Learning Center is to work with each family to reinforce the values of the family as your little one grows.

Preschool and Daycare Program

The children develop their cognitive, social, emotional, physical and creative capabilities through teacher and child directed activities.

The children enjoy planned preschool curriculum projects each morning. They go outside for two thirty minute play periods each day.

The children receive breakfast served at 8:30 a.m., a hot lunch and an afternoon snack each day. They also have nap/rest time after lunch, followed by center activities.

Daycare hours are 7 a.m. - 6 p.m.

Facility

Kid's Kingdom is housed in attractive rooms in St. Paul's Lutheran Church. The entrance is on the south side of the Church building. The playground is to the south of the building. Our facility has been designated a tornado shelter.

Staffing

Our staff is led by experienced and licensed preschool teachers and child care providers.

The staff are chosen for their ability to work in a caring way with children. The staff know how important it is to help each child develop his or her individual talents.

Volunteers, including college students, church friends, and families of the enrolled children, are scheduled by the director as often as possible to enhance programming and interact with the children.
